

Join the OratorSync Study

Identifying the Root Causes of Stuttering and Democratizing Access to Fluent Communication Aid

STUDY STEPS

LESSONS

At least every other day, complete a “lesson” on the OratorSync app

DATA

On the first and last of the study, we’ll send you a form where you can submit your latest lesson’s progress report

RESULTS

We’ll compare the average progress report (fluency) improvements throughout the study to evaluate the approach’s extent of effectiveness

PROJECT GOAL

While various fluency enhancement tools exist, research indicates **high individual variation** in treatment response, highlighting a need for personalized tools. OratorSync functions as a “**personal fluent communication coach**”. We are investigating its impact on speech fluency as well as communication confidence, and communicative self-efficacy..
